Boondocks Breakaway—Kincaid Park
Sunday, July 8, 2007

The weather was good; the course was new due to the construction at Kincaid. The road to Kincaid was probably the most challenging. It will be nice when finished and hopefully SOON. We had a lot of food, great drawing prizes and hopefully a good time was had by all. Participants included visitors from seven other states beside Alaska, and one from Quebec, Canada. One of our helpers was from California (Thanks to Debbie & Lane Cropper)

A special thanks to Skinny Raven for providing awards for winners. The following all contributed drawing prizes or food. We should all thank them when we visit places of business.

Events do not happen without help from volunteers. The following people really stepped forward to lend a hand. There were others who pitched in and helped, but unfortunately I do not have everyone's names. The work of everyone was greatly appreciated and contributed to a good event.

The staff at Kincaid Park was helpful, nice and accommodating. It is a pleasure when they take that extra effort to work with us.
